

Snow chills HP, mercury falls to 10°C below normal

Rohit.Mullick
@timesofindia.com

Shimla: Moderate to heavy snowfall in Himachal Pradesh's higher reaches and rain in the low and mid hills brought temperatures down further on Thursday, disrupting traffic in Lahaul-Spiti, including on the Manali-Leh highway, and leaving vehicles stranded.

Several parts of Lahaul-Spiti district, including Atal Tunnel, Sissu, Gondhla, Koksar, Keylong, Jispa, Darcha etc, and the high-altitude areas of other districts, including Kullu, Kangra, Kinnaur and Chamba, received snowfall. In Chamba, Sach Pass and parts of Pangri valley recorded a light snowfall. It also snowed in the high mountain passes, including Rohtang

Houses blanketed in a layer of fresh snow in Keylong, Lahaul & Spiti district, on Thursday

Pass, Baralacha, and Shinkula. Moderate to heavy rain lashed parts of Kullu, Mandi, Chamba, Kinnaur, Kangra and Shimla districts.

Kukumsari in Lahaul-Spiti recorded the lowest minimum temperature at -0.4°C, according to the Meteorological Centre, Shimla.

Maximum temperatures plunged up to 10°C below nor-

mal. Una recorded the state's highest maximum at 32.6°C, while Manali logged 11.2°C (9.9°C below normal), Bhuntar 18°C (9.8°C below normal), Chamba 21.7°C (9.6°C below normal) and Dharamshala 21°C (4.8°C below normal).

The Met department has forecast light rain in the mid hills and light snowfall in the high hills on Oct 16 and 17.

Several tourist vehicles got stranded near Ropsang Nallah, close to Keylong, due to heavy snowfall and slippery road conditions, prompting police to launch a rescue operation. According to District Disaster Management Authority (DDMA), Manali-Leh highway between Darcha and Sarchu was blocked due to snowfall, and Darcha to Shinkula and Darcha to Batal also remained blocked.

India's 1st early warning system installed at HP's Ghepan lake

Rohit.Mullick
@timesofindia.com

Kullu: A Glacial Lake Outburst Flood (GLOF) early warning system has been installed at Ghepan Ghat glacial lake in Himachal Pradesh's Lahaul and Spiti district at an altitude of around 4,100 metres. The district administration on Thursday claimed it to be the first such one in the country. Developed by Centre for Development of Advanced Computing (C-DAC) under a pilot project funded by National Disaster Management Authority (NDMA), the system will monitor the lake's water level

and environmental changes to help authorities assess potential hazards. The installation comes amid concerns over the lake's expansion. Indian Space Research Organisation (ISRO) had alerted the district administration to the increase in its area in November 2023, prompting efforts to assess risks and strengthen disaster preparedness.

Ghepan lake expanded by 178% between 1989 and 2022, with its area increasing from 36.5 hectares to 101.3 hectares. Ghepan glacial lake is 2,464 metres long and 625 m at its widest near the glacial snout that gradually narrows towards the outlet.

HC: Integrate FASTag at proposed HP entry barrier

Next Hearing On Dec 8

Sanjeev.Verma
@timesofindia.com

Shimla: Himachal Pradesh high court has asked state govt to explore the feasibility of integrating automated toll collection systems, including FASTag, at the proposed five-lane entry toll facility at Tipra in Parwanoo of Solan district on Chandigarh-Shimla national highway to ease congestion at the gateway to the hill state.

The division bench deferred the proceedings to Dec 8, expressing hope that the necessary forest clearance and other approvals would be secured before the next hearing to enable construction to begin without further delay.

The court took note of an

₹13 CR BUDGET SANCTIONED

The court was informed that a budget of Rs 13 crore had been sanctioned for the proposed facility. Of this, Rs 12 crore has already been released for construction. The project envisages five toll lanes to facilitate the movement of vehicles and minimise traffic bottlenecks at the entry point. However, forest clearance for 3.365 hectares of land is still awaited.

affidavit filed by the commissioner of state taxes and excise in compliance with its earlier order dated July 20. The affidavit explained why shifting the existing state entry toll barrier to Sanwara was not feasible, pointing out that several alternative roads could allow vehicles to enter Himachal without passing through the barrier, resulting in substantial revenue losses to the state exchequer. Instead, the state has proposed developing an entry check-post and toll barrier at Tipra, Parwanoo, to improve traffic management and reduce congestion.

Taking note of an Oct 12 communication placed before it by the state's counsel, the bench also noted that the department had applied for the requisite forest clearance. The hiring of consultants for securing entry and exit access permission through Rajmarg Parvash Portal was scheduled for Oct 13. The bench deferred further proceedings in the expectation that the pending clearances and approvals would be obtained before the next date of hearing, paving the way for the proposed toll facility to move towards implementation.

Couple found dead at Sirsa home

Hisar: The bodies of a couple, Chandraprakash (45) and Silochana (42), were found at their home in Sirsa on Wednesday, with police suspecting a murder-suicide. Silochana had head injuries, purportedly from a stick, while Chandraprakash was hanging from a noose inside a room at their accommodation in Dashmesh Nagar. Neighbours said the duo had a dispute on Wednesday morning.

HP HC flags gaps in stray dog sterilisation

Sanjeev.Verma
@timesofindia.com

Shimla: The Himachal Pradesh high court has pulled up the state govt for inadequate sterilisation of stray dogs, observing that excessive emphasis on vaccination and dependence on private veterinarians and NGOs would not help control their population.

A division bench of Chief Justice Gurmeet Singh Sandhawalia and Justice Bipin Chandra Negi was hearing a matter concerning compliance with Supreme Court's directions on stray dog management.

Between Jan 1 and June 30, a total of 3,709 dogs were sterilised, while 26,564 were vaccinated.

A compliance affidavit filed by the state govt stated that 31 Animal Birth Control (ABC) centres were functioning across Himachal Pradesh, except in Lahaul and Spiti, where the stray dog population was reportedly low. Of these, 17 centres were operating under urban local bodies and 14 in animal husbandry department institutions. The govt informed the court that 12 additional ABC centres had been proposed at a meeting chaired by the chief secretary on July 31. The animal husbandry department had designated 74 veterinarians for the programme.

Directions had been issued to ensure proper fencing, and nodal officers had been appointed to oversee implementation of the ABC Rules. Two stray dog shelters had been established under the Shimla and Dharamshala municipal corporations. However, district-level committees had identified infrastructure gaps, including inadequately equipped operation theatres, shortages of veterinarians and trained staff, and a lack of land for constructing ABC centres and dog shelters.

Amicus curiae advocate Ragini Dogra pointed out that some centres, including those at Bilaspur and Ner Chowk in Mandi, were temporary, while sterilisation work in Kullu district was being handled by an NGO. She also highlighted the absence of sterilisation in Kinnaur despite 536 vaccinations. In Shimla, she submitted that despite vaccination campaigns, the municipal corporation had no permanent veterinary officer at its ABC-AR centres for two years. Only 316 stray dogs had been sterilised as of Oct 5, according to the affidavit. The court said merely outsourcing sterilisation to NGOs or private doctors would not suffice and stressed the need for a permanent veterinary doctor to carry out the procedure regularly. The court directed the authorities to fill the veterinary post at Shimla by the next hearing on Dec 3.

Woman found dead with stab wounds

Hisar: A woman was allegedly murdered by her husband with a kassi (a sharp agricultural tool) at their home near Tohana in Fatehabad district in the early hours of Thursday. The accused, Nirmal Singh, fled after the incident. The deceased, Balwinder Kaur, was found lying on a cot in the courtyard of the house. Police received information about the murder from the sarpanch of Himmatpura village. Police have registered an FIR against Nirmal Singh on the basis of a complaint filed by the deceased's brother, Bhupinder Singh.

IIAS gallery brings Kangra miniatures to life

TIMES NEWS NETWORK

Shimla: At a time when traditional art forms risk fading from public memory, the Indian Institute of Advanced Study (IIAS), Shimla, has given Kangra miniature paintings a permanent showcase, opening a gallery that brings the artistic legacy of Himachal Pradesh closer to the world.

Governor Kavinder Gupta inaugurated 'Kangra Kalam: The Pahari Miniature Art Gallery' on Thursday, on the concluding day of the institute's Diamond Jubilee celebrations. Gupta also unveiled a bust of Sarvepalli Radhakrishnan, former President of India and the IIAS founder, and released a book 'Folk and Rural Imagery in Kangra Miniatures: An Indigenous Indian Art Perspective' by IIAS director professor Himanshu Kumar Chaturvedi and Pan-ka Gupta, documenting this indigenous artistic legacy.

Describing Kangra painting as a symbol of civilisation and culture, the governor said the gallery would help visitors appreciate the artistic traditions of the Himalayan region and strengthen efforts to preserve them. The gallery seeks to look beyond the celebrated royal and religious imagery of Kangra miniatures to the everyday experiences of Pahari society.

Scenes depicting farming, traditional food, Gaddi community life, and local deity processions bring rural culture into sharper focus.
